

Ball Washers

Manufactured in the UK

12 month warranty

Product dimensions

0.88m (h) x 0.6m (d) x 1.5m (l)

Requirements

- 0.5" water supply
- Drain with slit trap
- 110v electricity (transformer can be supplied)

Mudbuster Ball Washer

Product Specification

- Washes up to 18,000 balls per hour
- Balls are cleaned between a vertically mounted brush and rubber pad with twin spray jets
- Requires permanent water feed
- Separate dirt and water overflow trays - minimising the chance of drain blockage
- Galvanised construction ensures longevity
- Ball exit can be left or right handed
- Hopper capacity approx. 1,200 balls
- Uses standard 1.5" waste pipe fittings

Twister Compact Ball Washer

Product Specification

- Ideal for practice grounds and small ranges
- Washes up to 13,000 balls per hour
- Soft nylon brush for efficient ball cleaning
- Permanent water feed or reservoir tank makes the washer suitable if there is no water supply
- Galvanised sheet steel construction
- Top loading hopper
- Standard UK 220v electric supply required
